**RECEPTION BY  
THE DELEGATE  
AND PRINCESS  
KALANIANA'OLE**

The reception tendered last evening by Delegate to Congress and Princess Kalaniana'ole at their beautiful Wai-  
kiki residence, was a brilliant close to the series of public entertainments which have been given in honor of the visiting Congressmen and their families.

It was the most largely attended social function that has been held in Honolulu for a long time. In addition to the house and other buildings on the grounds a number of tents and marquees had been provided for various uses and the further convenience of the hundreds of guests. Scores of young Hawaiians wearing the yellow cape of Hawaiian royalty were stationed about the grounds and in the various buildings to direct the guests from one point of interest to another. The residence—the former home of the Dowager Queen Kapiolani—with its wonderful collection of Hawaiian relics and antiques, its beautiful furniture of polished Hawaiian woods, its feather cloaks and beautiful ornaments was thrown open for the inspection of the guests and was thronged throughout the evening. So also was the Prince's billiard room where are arranged in attractive style the hundreds of trophies of the chase, his collection of weapons and other interesting souvenirs of his tour of the world.

The guests were received on the lanai of the grass house which is one of the interesting features of the grounds. The guests were presented by Mr. George Smithies and George B. McClellan. With the Delegate and the Princess Kalaniana'ole in the receiving line were Queen Liliuokalani, Acting Governor Atkinson and the members of the Congressional party. The Delegate greeted the guests as they arrived and presented them to the Princess. Her Majesty was seated between the Princess and the Acting Governor. Next the Acting Governor was Senator Piles and General Keifer and then the other members of the congressional party.

The reception began promptly at 5 o'clock. The first to be presented were the members of the four principal native societies of Honolulu, the Kamehamehas, the Kaahumanus, the Kauleaoullas and the Hui Oluia. The members of these organizations numbered eighteen hundred. They came out in special cars. Both men and women wore the badges of their organizations. Following their presentation, the other guests numbering several hundred and representing official life both federal, territorial and consular, as well as the social life of the city, were presented. The Princess Kalaniana'ole wore a beautiful gown of spangled net over pink silk. The Queen wore embroidered chiffon over satin.

There was a little rain in the earlier part of the evening which was greatly to be regretted, inasmuch as the affair was so largely a fresco. But fortunately the shower was only a slight one and of short duration.

In a large marquee in which there were seats for several hundred, a glee club accompanied Madame Alapai and Miss Kaai in a program of songs which was most delightful. The Hawaiian band was in attendance and rendered a program in another part of the grounds. Refreshments were served from numerous daintily decorated stands throughout the grounds.

The public reception was from 8 o'clock to 10. At the latter hour the

band played Hawaii Pono! and the Star Spangled Banner, and the hundreds who had been present began to leave the grounds.

Following the departure of the general public the members of the Congressional party and the other members of the receiving party were entertained by the Delegate and Princess Kalaniana'ole.

**THE ELLEFORDS**

A good sized audience was at the Orpheum last night to witness the play "For Her Children's Sake" by the Elleford Company. The name of the author was not given and it was just as well. The play was a melodrama with plenty of villainy and enough of the triumph of virtue to satisfy any one hungry for such a performance.

The various players sustained their parts well. William Marlon was effective as the brutal husband and True Boardman as the loving doctor who had been jilted by a woman suffered from unrequited love, looked impressive in a frock coat. George Hernandez was good as John the old Irish servant. Hernandez always is good. The Osborn children were very clever little tots as "stage children" and they played the difficult parts very well indeed. Mattie Lloyd Luce and Hernandez did a specialty that was well received. The same play will be repeated tonight "A Ragged Hero" will be given at the matinee today.

**WANTS A DIVORCE.**

Georgine Augusta Teixeira has brought suit for divorce against Vincent D'O. Teixeira on the grounds of desertion.

**INFORMATION WANTED.**

They were joint occupants of the parlor sofa—he a man about town, she the heroine of three divorce suits.

"Will you be my wife?" he queried. "Before giving you my answer," she rejoined, "I would like to know if your income is sufficient to pay me the alimony to which I have always been accustomed."

**Be Not Deceived**

There is only one cleanable Refrigerator and therefore GERM PROOF, and that is the Gurney Refrigerator handled by us.

No other make has ever stood the test and by means of the removable ice chamber as well as removable shelves, drain pipes, traps, etc., we have solved the problem.

Assail us where you will you cannot help but admit our claim. All other makes fail when it comes to keeping the ice chamber pure, sweet, clean and germ proof, but

**THE GURNEY**

Listen not to idle talk and arguments put forth in favor of cleanable provision compartment. All refrigerators have this feature. You cannot deny that unless ALL COMPARTMENTS can be kept absolutely pure and wholesome that a refrigerator is germ-proof. Go from the provision chamber to the receptacle for the ice and it is here where all other makes fail. There's the weakness that cannot be overcome by them.

The Gurney with its removal Ice Chamber feature has supplied the great want and therefore

**Is the Only Cleanable**

Come in and bring forth your arguments and if we fail to convince you we are ready to take your decision. A full line always on hand. They are used in almost every household. Do you possess one. If not why not, it costs no more than other makes
